

Memory Traveler Photo Challenge!

In this adventure you are going to travel back in time ...Bible times...and make sure you bring a camera!! So climb into that super-duper memory machine and transport yourself back to one story you have heard that is found in the bible. I have found it helpful to read the story again to refresh those memory dials

Ping...Zip...Zap...Zoom....phew, memory travel sometime makes my head dizzy.

Step 1: In the bible story ...where does it take place? Are you on a boat...up a tree...In a fish? This is called the setting and when you travel back you are going to recreate your bible story setting using stuff in your home for your photo.

Step 2: Who is in the story? Are there people in the story? How many? Is there a lion? Is there an angel? These are the characters that you will need in your photo. Dolls and dogs and stuffed animals can work as characters if needed.

Step 3: Are there any special objects in your story? Maybe there is a sword or a staff...a cup of juice or a coin. These are called props and you will have to think of some fun look- alike props for your photo.

Step 4: What did the people wear? Did they wear leaves or robes...skins or armor? These are the costumes and again you will need to look around your house for some possible costumes. Towels and sheet work well.

Step 5: Put all those steps together and place yourself smack in the middle. Freeze act the part of the story you picked to share and have someone takes a photo shot.

Step 6: Have your parents send the photo to us. We are going to post all the photos sent and challenge the church members to guess what bible story you have memory traveled back to.

All who send a memory travel bible story photo will receive a surprise!!
